Lab06: Sliding Tile

- Attach a code printout.

- Attach a screen capture of your program running.

    - Set the colors to be printer-friendly *before* printing.
    - Run `gimp` then File, Create, Screenshot.
    - Do not waste tonor! Repeat! Do not waste tonor!

- Do you keep track of the position of the blank space?

- Briefly describe how you convert the xy-coordinates of a mouse click into a move.
